

50 YEAR

LEAKAGE WIND HAIL

THIS WARRANTY APPLIES ONLY TO THE "REINKE SHAKE" SHINGLES.

REINKE SHAKES warrants to the original purchaser of its shingles that for a period of 50 years from the date of purchase, when properly installed according to specifications of the manufacturer and in accordance with all applicable building codes, these shingles will prevent leakage, even in times of high wind and large hail, excluding leakage caused by wind exceeding 120 MPH, hail in excess of three (3) inches in diameter, or other acts of God, or from fire or harmful chemicals, or from mechanical damage such as: fallen trees, blown debris such as; glass, metal or branches.

REINKE SHAKES further warrants to the original purchaser of its shingles that for a period of 50 years from the date of purchase, when properly installed according to specifications of the manufacturer and in accordance with all applicable building codes, the "REINKE SHAKES" shingles will resist denting from hail up to one (1) inch in diameter.

Hail size and wind velocity shall be determined by the records of the National, State, and Local weather service or bureaus and the existence of hail over three (3) inches in diameter or wind exceeding 120 MPH in the area of installation since the date of purchase shall void this entire warrantee. The existence of hail over one (1) inch in diameter in the area of installation since the date of purchase shall void the dent resistance warrantee. Shingles are not warranted to prevent leakage or resist denting when caused by a failure of the roof structure to which the shingles are attached and failure of the roof structure to which the shingles are attached shall void this warranty.

This warrantee covers damage only from wind and hail as the sole cause of damage and does not cover damage from other acts of God, or from fire or harmful chemicals, or from mechanical damage such as: fallen trees, blown debris such as; glass or branches. The dent resistant warrantee does not apply to depressions near the nails that normally occur during the installation process.

Repair or Replacement: REINKE SHAKES will replace shingles, F.O.B. Factory, which do not conform to this warranty, after receiving a written claim by the purchaser accompanied by a copy of the contract for the purchase of the shingles and a copy of the Homeowner's Warranty Certificate. Upon receiving such a request, REINKE SHAKES shall have the right to examine the defective shingles to determine their condition. The cost of replacement, excluding costs of labor, shall be pro-rated between REINKE SHAKES and the purchaser on the following basis: Purchaser shall pay two (2) percent per year of the service of the shingles on the roof, on the warranty replacement costs. Labor or installation costs and freight shall be the responsibility of the purchaser.

Exceptions or Exclusions: This warranty is the only express warranty made and there are no other express warranties except as made herein. Replacement as provided herein is the exclusive remedy for a breach of the express warranty given herein. The fluorocarbon color coating of the shingles is warranted only to the extent guaranteed by our suppliers of coated metal. Only damaged shingles will be replaced, and in the event a portion of the installed shingles are replaced, an exact color match is not guaranteed.
